Dear Dr. S,

Thank you for reviewing the manuscript epoly.2023.0067 entitled "Study on thermal behavior augmentation of nano polymer composite of Linum sitatissimum fibre and Corchorus capsularis fibre with MWCNT" for the journal e-Polymers.

We appreciate the voluntary contribution that each reviewer gives to the Journal. We thank you for your help and participation in the online peer review process and hope that we may call upon you again to review future manuscripts.

Vouchers for Reviewers are now available in e-Polymers. You will receive a collective voucher for all reviews once the Handling Editor commits the final decision regarding this manuscript (please note that it might take up to several weeks before you get the voucher). For more details, please visit the e-Polymers website: www.degruyter.com/view/j/epoly (in Supplementary Materials section > tab: Voucher System for Reviewers).

If you want to receive recognition of your review on Publons*, please forward this e-mail to: reviews@publons.com

Kind regards,

Mr. Kumaran Rengaswamy

*Publons helps you get the recognition you deserve for keeping watch over science and research. Easily import, verify, and store a record of every peer review you perform and every manuscript you handle as an editor, for any journal in the world, in full compliance with all editorial policies. If you opt in, your Publons profile will automatically be updated to show a verified record of this review in full compliance with the journal's review policy. If you don't have a Publons profile, you will be prompted to create a free account. For more information: <https://publons.com/benefits/researchers>
