Professor

Department of Mechanical Engineering

Vels Institute of Science, Technology, and Advanced Studies

Chennai - 600117, India

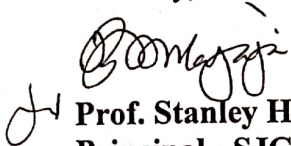

Dear Dr. S. Vijayananth,

Re: Appreciation for a Webinar Presentation on Composite Materials and its Applications

I am writing to express our sincere appreciation for accepting our invitation to give a webinar presentation on "**Composite Materials and its Applications**" to our students in degree, diploma, and certificate programs across various engineering disciplines on June 6, 2023. Your presentation was highly informative and enlightening, and the additional reading materials suggested during your presentation were both fascinating and timely. We hope you will consider delivering more webinar presentations on various topics in the future.

On behalf of the College of Engineering and Technology (CET) at St. Joseph University in Tanzania (SJUIT), I would like to extend our heartfelt gratitude once again and express our eagerness to collaborate with you in the future.

Sincerely,

Prof. Stanley Henry Mneney
Principal - SJCET
