About University

Vaels Educational Trust was established in 1992 to transform an individual into a complete man with character and ability committed to national service and development. The trust was founded by Dr. Ishari K Ganesh, M. Com, MBA, B. L, (M. L), PhD, a visionary and an eminent educationist, fond of his father, Shri. Isari Velan, a former minister in the popular Govt. of Dr MGR. Vaels Educational Trust has always served to take education to the thresholds of first-generation learners and weaker sections of society.

The University status was conferred to the VELS Group of Institutions by the Ministry of Human Resource Development, Govt. of India. The University is governed by Governing Board, otherwise known as the Board of Management, and this is the highest statutory body of this University. The President/Chancellor is the Chairman of the Board, and the board meets periodically to frame policies and programmes for the growth and improvement of VISTAS.

It is a pleasure to notice that VISTAS presents a cosmopolitan culture. Students from various social, cultural and geographical backgrounds live and study together at VISTAS. The students are shaped and fine-tuned as per the requirements of global industries. The environment-friendly Green campus is equipped with all facilities, where every need of both student and faculty have been provided for.

To promote a student-friendly learning environment, the university follows the semester pattern and a choice-based credit system for all its academic programmes both at the undergraduate and postgraduate levels. The system is expected to promote multipoint entry and flexibility to suit the needs of individual learners. The programmes offered are approved by AICTE and other statutory bodies such as the Pharmacy Council of India, the Indian Association of Physiotherapists and the Director-General of Shipping.

Co-organizers

Dr T Senthamarai

Dr V Jaisre

Associate Professors

PG & Research Department

of English

Digital Platform

Cisco Webex

The pride of VISTAS is its' Computing Centre, sophisticated labs, well-furnished classrooms along with Wi-Fi internet facilities. The strength of the University can be attributed to the commitment and determination of the President/Chancellor and his team of distinguished educators and dedicated students.

About Conference

With the dawn of the Nineteenth Century, when the fruits of institutionalization of Education in the West started bearing fruits, many great scholars –Hegel, Karl Marx, Goethe, Freud, and many others emerged on the international scene who not only changed the understanding of the world but the understanding of the literature as well. This tradition further continued in the Twentieth century, and Ferdinand de Saussure transformed the experience of literature by shifting focus on the language, which further evolved into post-structuralism that revolves around the uncertainties of meaning. Not many theories have emerged from India after Bharata, Anadavardhana and Bharatrhari. The field of Indian Literary Theory brought into the limelight by the Orientalist Scholars started gaining momentum. Scholars are making serious efforts to understand literature by applying Indian Literary Theory.

This conference promises to be a significant intellectual event, and it will look into different aspects of Literature and Theory from Classical to Contemporary.

The following list includes several suggestive topics, themes, and subjects explored at the conference. Participants may also look into other a related to the broader themes of the conference.

In aspects light of this proposition, possible topics and sub-topics of papers for submission could include but are not limited to

- ❖ Postcolonial Concerns in Literature from India
- ❖ Postcolonial Concerns in Literature from Nepal
- ❖ Indian Epics in Nepal
- ❖ Indian Epics in South-East Asia
- ❖ Postcolonial Concerns in Literature from Bhutan
- ❖ Postcolonial Concerns in Literature from Pakistan
- ❖ Postcolonial Concerns in Literature from Afghanistan
- ❖ Postcolonial Concerns in Literature from Bangladesh
- ❖ Women's Literature in India
- ❖ Marginalized Literature in India
- ❖ Indigenous Literary Theories in India
- ❖ Translated Literature in India

- ❖ Alternative Literature in India
- ❖ Ancient Literature in India
- ❖ Struggle for Independence and its Influence on Literatures
- ❖ Influence of Postmodernism on Literatures in India
- ❖ Indian Literary Theory
- ❖ Theory and Literature
- ❖ Contemporary Theory and its Application
- ❖ South-Asian Literature
- ❖ Indian Literature

SYNOPSIS & OBJECTIVES

In line with the Sustainable Development Goals (SDGs) on protection and promoting sustainable growth and development for our own and future generations, this global congress in health and life sciences provides an international platform to identify the key developments that contribute to a better future in health and life sciences.

Global Congress on Sustainable Growth and Development 2021 - Health and Life Sciences aims to:

1. Bring together academicians and experts around the world to present and share their expertise, knowledge and research findings towards sustainability and growth in health and life sciences.
2. Stimulate and strengthen interdisciplinary research links among researchers and stakeholders worldwide to take the bold and transformative steps to shift the world on to a sustainable and resilient path.

MAIN THEME

Moving towards Sustainable Development Goals in Health and Life Sciences

SUB-THEMES

- Human Health and Well Being
- Sustainable Environment
- Biotechnology and Biological Sciences
- Pharmaceuticals and Nutraceuticals
- Food Security and Sovereignty
- Innovation, Infrastructure and Nanotechnology for Sustainability
- Applied Sciences

ICGSTM 2022

International Conference on Green Sustainable Technology and Management

Towards Sustainable Development and Growth for a Greener Future

10 - 11 June 2022

Aim

The conference aims to provide an international platform for researchers, academicians, and experts from various fields to present the latest findings and research that contribute to UN sustainable development goals.

The conference also aims to provide solutions to the existing and future challenges through the fields of engineering and information technology, health and life sciences, education, business and management, and to generate knowledge to make our world a greener place to live, and a better place for future generations.

VELS INSTITUTE OF SCIENCE TECHNOLOGY AND ADVANCED STUDIES
SCHOOL OF HOTEL AND CATERING MANAGEMENT
REPORT

Title : Product Improvement Project-2022.
Date : 26th August 2022.
Resource : Aachi Masala Foods (P) LTD, Chennai.
Chennai-40.
Venue: : Speciality Kitchen, Department of HCM, VISTAS.

The Product Improvement Project by the “AACHI MASALA” Foods (P) LTD joined with the Department of HCM, VISTAS and tested the product by cooking different recipe with coded masala like “X” and “Y” with the department students and staffs. And the recipes were prepared with the reference of Aachi masala organizing team.

Sensory evaluation analysis was done using the coded masalas, the recipes were vegetable biriyani, chicken korma, chilly chicken, pepper chicken, made twice with two different types of same masala.

The Product Improvement Project Dishes included:

- Vegetable Biriyani (do8a)
- Vegetable Biriyani (652f)
- Chicken korma (15hp)
- Chicken korma (qz7r)
- Chilly Chicken masala (72qc)
- Chilly Chicken masala (3mw6)
- Pepper Chicken masala (i3fy)
- Pepper Chicken masala (2wih)

Students were thrilled to coordinate with the Aachi masala organizing team and it was indeed a great learning experience

The sensory sheets are given to the guest and asked to mark the scoring for Colour, Aroma, Appearance, Taste, Texture and Consistency. A hedonic scale rating (5 scale) was adopted to rate the dishes

Outcome of the Event:

1. Gaining knowledge about sensory evaluation analysis
2. Exposure to cook with different spices and its culinary use in the recipes.

Pictures during Sensory Evaluation Analysis:

WORKSHOP REPORT

Title : Guide Orientation Program, PTDC
Date : 1st August 2022 & 2nd August 2022
Venue: : Accord Hotels, Puducherry

The Guide Orientation Program was organised by the Puducherry tourism development corporation (PTDC) on 1st & 2nd of August 2022. It was a two days certificated program which aided the students to gain knowledge about the journey of a tourist thorough a thought provoking session.

The resource people for the program were

- "As Curators for Immersive Tourism" by Mr. Sunil Varghese,
- "Films and Destination" by Mrs. Shylaja Chethur
- "Uses of Technology and Social Media" by Ms. Anusha Rao.
- "Tourism and Urban Forestry" by Mr. Sasikanta Dash,
- "Inbound Tourism" by Mr. Sakthivel Rowthiram
- "Scopes and Future of Tourism" by Mr. Naresh Mehta.

The Program demonstrated;

- Technology
- Social Media
- Soft Skills
- Physical Tour
- Trending on Tourism
- Films and Their Destination
- Tourism and Urban Forestry

The Orientation Program was an interactive learning session where students clarified their doubts and it was indeed a great learning experience.

- The students had a great time visiting different places in Puducherry like Arikamedu the roman trading centre, yoga session at seagulls by Dr. Aroquiaradje Cesar.

Outcome of the Workshop:

- Functioning of tourism industry
- Scope of tourism and travel

WORKSHOP REPORT

Title : "Trends in Accommodation and Rooms Division Management"
Date : 10th August 2022
Resource Person : MS.SRIVIDYA GOPINATH
Director- Learn more India consultants
Venue : Department of HCM -BTR

The workshop titled "Trends in accommodation and rooms division management" was organized on 10th August 2022 in Basic aspects and awareness on housekeeping at the School of Hotel and Catering Management. The workshop aimed in imparting the basic knowledge of accommodation operation served at hotels. The students were given a brief lecture about the aspects of hotel housekeeping, technology, futuristic hotel modern service environmental awareness.

The lecturer Ms.Srividya Goinath presented a ppt on trends in housekeeping department by basic to advance level, like operational and guest experience aspect . In operational aspects there were technology, attitude shift, eco –friendly practices, go-green practices and outsourcing manpower and in guest experience based technology and facility given by the hotel, experienced by the guest.

The following operational and guest aspects covered were;

- Technology
- Eco-friendly practices
- Attitude shift
- Go-green practices
- Outsourcing manpower
- Trends on accommodation in detail
- Employee comfort
- Stretch breaks
- Hotel room facility planning

It was a great learning experience and students were contented about learning different aspects on future accommodation operation and futuristical amenities in the hotel room. A Q&A session was conducted for keeping the students engaged.

The workshop was an interactive learning program where students clarified their doubts and enhanced their knowledge.

Outcome of the Workshop:

1. Scope in the field of accommodation operations

2. A thorough understanding on the different aspects on accommodation operations

DAY-1 09/07/2021

10.45 AM - 12.00PM

IoT & its Applications

Prof M V Ramana Murthy
(Former prof & Chairman,
Dept of Computer Science,
Osmania University),
Prof & HoD,
Dept of M&H , MGIT.

12.00 PM - 1.30PM

Natural Language Processing using NLTK-A Demo

D.J. MithunChakravathy,
Co-ordinator, Bachelor Degree Program
Faculty of computer Science & Multimedia,
Lincoln University, Malaysia

2.00 PM - 4.00 PM

Mixed Reality Applications and Research Challenges

Dr.T.Mala Nehru
Associate professor,
Department of Information
Science and Technology,
College of Engineering,
Guindy, Anna University

DAY-2 10/07/2021

10.00 AM - 12.00 PM

Overview on CASE Tools (Computer Aided Software Engineering Tools)

Dr.T.Mythili
Associate Professor Senior,
School of Computer Science
& Engineering,
VIT-Vellore

12.00 PM - 1.30PM

Business Intelligence & Analytics

Mr.Aswath Raj
PreSales Solution Architect
Qlik

2.00 PM - 4.00 PM

Machine Learning Key Algorithms & Real time Applications

Mr. Viswanath. AT
Principal Consultant &
Portfolio Coach, Ford Global
Business services, PMP, ITIL,
ICP-ACC, CSM, SAFe Agilist,
PAHM & Stanford PM.

DAY-3 12/07/2021

10.00 AM - 12.00PM

Spring Boot Application Implementation

Dr.T.Ruso
Associate consultant,
WIPRO,Chennai

2.00 PM - 4.00 PM

Research publications & Ethics

Dr.T.VelMurugan
Professor,
DG Vaishnav College,Chennai

DAY-4 13/07/2021

10.00 AM - 04.00PM

Data Analysis using Python

Session Speaker
Dr.N.R.Ananthanarayanan,
Associate Professor,Department of CSA,
SCSVMV University,Kancheepuram

DAY-5 14/07/2021

10.00 AM - 04.00PM

Mendeley - Reference Manager

Dr.D.Kavitha,
Associate Professor,
Department of computer Science & Applications,
St.Peter's Institute of Higher Education
& Research (SPIHER)
Chennai

**VELS INSTITUTE OF SCIENCE TECHNOLOGY AND ADVANCED STUDIES
SCHOOL OF HOTEL AND CATERING MANAGEMENT**

WORKSHOP REPORT

Title : Italian Food Preparation and Presentation
Date : 14th September 2022.
Reference Person : Chef. Tanzeem, CDP of The Park Hotel, Chennai
Venue : Advanced Training Kitchen, School of Hotel and Catering Management, VISTAS, Chennai.

The workshop of Italian food preparation and presentation by Chef. Tanzeem was an amazing interactive and demonstration session of authentic Italian food like Appetizer” Pie tie with zucchini and green apple topped with balsamic caviar, and Chicken with stuffed courgette roll and hongroise sauce.

The work shop menu was beetroot dumpling with strawberry and celery gel, Seabass with carrot cream and bouillabaisse, hollandaise and Chicken stuffed courgette roll with hongroise sauce. and Chef. Tanzeem explained it and demonstrated well for all the students and clear all the doubts asked by the students in the interactive session

The Workshop Outcome:

- A clear understanding on the basics of Italian Cuisine
- Chef explained about the hotel industries and field knowledge.
- Aided students to gain more knowledge about presentation skills
- It helped students enhance their creativity skills.
- Regulations of different techniques on molecular gastronomy

APPETIZER

***PIE TIE WITH ZUCCHINI AND GREEN APPLE TOPPED WITH BALSAMIC CAVIAR**

Pie tie:

*Basically pie tie can be used as tart so in this recipe I used tortilla sheet shaped them into tart mould and baked it in 180° for 5 mins or until it reaches the golden brown and crispy

For stuffing:

Balanced zucchini and chopped into brunoise and fine dice of green apple, season with salt and thyme mix with a little bit of cream...

*Basically the mixture should be dry it should not be too liquid

*** Balsamic caviar**

100 ml of balsamic vinegar

30gm of sugar

5 gm of agar agar powder

Just mix all the ingredients and give it to a boil then inject in a ink filler and pour it in a chilled oil drop by drop and strain it

Note: should use oily agar agar gelatine won't be work and u can try it in any liquid or any juice instead of balsamic vinegar

CHICKEN WITH STUFFED COURGETTE ROLL AND HONGROISE SAUCE

CHICKEN MARINATION:

Salt, pepper and thyme with some oil and sous vide it for 1 hour at 60°C

Once it's done take a hot pan sear the chicken just to get that golden colour and braise it with butter garlic cloves and thyme

COURGETTE ROLL:

Slice the zucchini into thick with mandolin and Blanch then for 10 sec

Arrange them in a cling film by overlapping the blanched zucchini and pipe the chicken mousse and roll them tight and freeze for an hour

CHICKEN MOUSSE:

100 gm chicken mince

2 egg yolks

Cream 40ml

METHOD:

Hot pan a tbs butter add chopped garlic chopped thyme and chicken mince and sauté for a while and season it with salt and pepper

Take a blender blend the chicken mixture once it's blended well add egg yolks and cream and blend for a while then remove it and freeze it

NOTE: shouldn't blend too much If the mixture gets hot it's start splitting

HONGROISE SAUCE: Hot pan make a brown roux add chicken stock cream balsamic vinegar and red wine reduce it and strain it serve hot

GREEN OIL / HERB OIL

100gm of basil and parsley

150ml of oil

Blend till smooth and strain it with a kitchen napkin and strainer.

WORKSHOP REPORT

Title : International Housekeeping Week 2022 and
Onam celebration and competition 2022

Date : 15th September 2022.

Sponsored by : The Park Plaza & The Soorya Residency

Venue: : Oberia Block, Department of Hotel and Catering Management,
VISTAS, Chennai.

The International Housekeeping week and Onam celebration 2022 was celebrated in the department of Hotel and Catering management. A Pookalam competition was conducted in the department.

The program was a great success and the major highlight was the authentic traditional Kerala chenda melam, traditional pookalam and the students were in their traditional attire.

The competition guidelines and aspects of athapookalam were:

- Free registration.
- Link and QR code was issued for registration
- Competition venue: Oberoi Block
- Timings of the venue: 10:30 am
- Participants allowed to pookalam, size of the pookalam would be 3x3ft.

Students were really excited. Registration was around 50 numbers. The competition was judged by Dr. Jenitta, Dr. Ambika and Mr. Elumalai. The judging criteria was based on colour, theme, design and creativity. The students, faculties everyone had a great time.

Outcome of the Event:

1. Students had a greater exposure to different designs and pookalam which would help them improvise their creativity skills regarding flower arrangement.

SKAL INDUCTION PROGRAM

Title : SKAL Induction Program

Date : 12th October 2022.

Resource persons: SKAL Association members - Mr. Shankara Narayanan, Training Manager, Residency Towers; Mr. Gopinath, General Manager, Residency Towers; and Mr. Shafee, General Manager, E Hotel.

Venue: Pharmacy Department - Auditorium VISTAS, Chennai.

The SKAL Introduction Ceremony was held on 12th October 2022 in the Pharmacy Department Auditorium. The SKAL Association members were Mr. Shankara Narayanan, Training Manager, Residency Towers; Mr. Gopinath, General Manager, Residency Towers; and Mr. Shafee, General Manager, E Hotel and the session begun at 10:00 am.

The SKAL members gave a brief introduction on SKAL and its role. They shared their experience about SKAL through a powerpoint presentation. The PPT gave a clear understanding about the SKAL Association, and its function and the speakers shared their insights about the enrollment for SKAL Association and membership. A Q&A session was conducted where the students clarified their doubts regarding membership which was then followed by the SKAL Anthem. The students were given a SKAL membership application to fill in. The meeting ended at 11.30am. The students thanked the SKAL members for giving them this opportunity to gain more knowledge about SKAL.

Outcome of the Induction program:

- ❖ A clear understanding about the Young SKAL group, benefits of membership
- ❖ Benefits of joining as a young SKAL member.

INDUSTRIAL VISIT REPORT

Title : Industrial Visit to Feathers Hotel

Date : 30th September 2022.

Venue : Feathers Hotel - Chennai

The industrial visit was held on 30th September 2022. Initially there was an induction program about the Hotel presentation by the Training Manager which gave a clear understanding about the functioning of the accommodation operations of the Hotel.

The department guides guided the students to the House keeping department, Public area and laundry. The industrial visit aided the students to gain more knowledge.

Outcome of the Industrial visit

- Functioning of the Lobby area, Accommodation operations and Front office
- Clear understanding on the Laundry cycle and roles of every personnel for smooth functioning of the Organization.

Industrial Visit Pictures:

DIWALI SWEET WORKSHOP

Title : Diwali Sweet Workshop

Date : 29th September 2022.

Resource person: Chef Jayaprakash. V

Venue : Advanced Training Kitchen – Oberoi Block

The Diwali Sweet Workshop was conducted on 29th September 2022 in Advanced Training Kitchen in Oberoi Block. It was an interactive learning program where more than 40 students had participated to enhance their skills in preparing traditional Indian sweets such as Rasagulla, Rasamalai, Kaju Katli, Halwa, Jangiri, Mysore pa. The students were very interested in learning the tricks and tactics in achieving the perfect consistency while cooking desserts. Chef Jayaprakash demonstrated the recipes in a very brief and elegant way which enabled the students to enhance their knowledge in the preparation of desserts. All the registered participants were handed over with a sweet box which enabled students to have a look and taste of the sweet they prepared.

Outcome of the Workshop

- Clear understanding on preparation of traditional Indian sweets.
- A in- depth knowledge on the different techniques during desserts preparation to achieve the right consistency.

Workshop Pictures:

DESSERT STORM

Event: Dessert Storm

Date : 4th November 2022.

Venue : Oberoi Block – Department of HCM

Dessert storm was a multi-cuisine dessert making and presentation competition with more than 170 participants coming from various schools across Chennai, Chengalpattu, Kanchipuram and Thiruvallur Districts. The event took place in two stages with the judges being star hotel chefs. Prizes included cash prizes, meal coupons from star hotels, gift hampers and Vels University Scholarship. The participants were 10th and 12th standard students.

The prize monies, gift hampers, meal coupons and scholarships made it exciting for the students to participate. There were no boundaries drawn for the students to bring out their creativity in terms of making and presenting the desserts. Star hotel chefs who are members of the South Indian Culinary Association are the judges for this year's event.

The sponsors for the event were Radio partner- Radio City, Diet Aqua, Guna Kitchen, Hot Breads, Tea Talkies and Om Iyappa Builders, The Walkers

Guidelines for the Event:

Registration for the event was free. Participants filled in their details in the tear-off slip and alternatively they can scan the QR code or registration link on the brochure or poster to register.

Guideline: The desserts for the competition need to be prepared at home and were brought to the tournament site for presentation to the judges.

Outcome of the Project:

- The students will witness a greater exposure in the field of Hotel and Catering Management.
- It will be a great learning experience for them where they get to interact with star hotel chefs
- The students will gain a lot of knowledge and skills which would be beneficial for them in their future endeavors.

The prize winners were awarded with cash prizes and gift hampers from Aachi masala. Interactive activities such as Lucky Draw, Guess the Cookies was conducted to engage the students to have a great time during their busy study schedule. Innovative and creative recipes were also awarded with star hotel meal coupons.

The event was a great success which aided in unleashing the hidden talent of young minds. Certificates were issued to all the participants and students indeed had a great time and it was a great learning experience for them where they had interactions with star hotel chefs.

VELS

10 YEARS OF EXCELLENCE AND COUNTING

QUALITY EDUCATION WITH STATE OF THE ART FACILITIES

SCHOOL OF HOTEL AND CATERING MANAGEMENT

The School of Hotel and Catering Management has been actively engaged in serving the community by organizing extension activities, workshops and conferences which would aid the community to enhance their knowledge about the recent trends in the culinary world.

WHY JOIN VELS HCM PROGRAM

The department's facility is second to none in the country with the state of art equipment. The widely travelled experienced team brings with them the best practice from across the globe and incorporate it into the everyday teaching and learning activities. This program provides a sound theoretical base in the field of Hotel and Catering Management and practical skills for entrepreneurship and careers in various fields which include our hotels, cruise line catering, flight catering services, the service sectors including banks, hospitals, event management, facilities management. The Department strives to provide highest quality educational experience for students by exposing them to the current trends and also enable career growth and development. The Alumni of the department are well placed in leading positions across the globe in some of the best organizations. Some have the eminence of serving heads of nations and prominent enterprises.

ABOUT VELS UNIVERSITY HCM PROGRAM

The Department of Hotel and Catering Management, Vels University is one of the pioneering Catering and Hotel Management Institutes in India which offers Hotel and Catering Management both at the Under-Graduate and Post-Graduate levels. The Department also offers Diploma and several other Certificate courses in Hotel Catering & Management with the main purpose of empowering young-grads by inculcating skills and knowledge required in the specific fields such as cookery, bakery, food & beverage service, front office, accounting, house-keeping management and other allied topics.

The Hospitality management program is specifically designed for individuals aspiring to enter the hospitality and allied industries to enhance their skills and knowledge for better career advancements. The Department helps students integrate theoretical knowledge with its practical application in the form of Hotel and Catering Management through practical sessions, projects, entrepreneurial and service – learning programmes.

WHAT IS DESSERT STORM ?

• Dessert Storm is a multi cuisine dessert making and presentation competition with more than 50 participants coming from various schools across Chennai, Chingleput, Kanchipuram and Thiruvallur districts.

Judging process:

The event itself will be taking place in two stages with the judges being our hotel chefs from the South India Culinary Association and once the top 10 have been judged they will be provided with gift hampers from our sponsors for the event.

Prizes:

The top 2 will be given cash prizes of Rs. 10000, 5000 and 3000 respectively along with a gift voucher from a star hotel for a complimentary meal. Vels University has also decided to provide all the winners with a scholarship for the hospitality department programs.

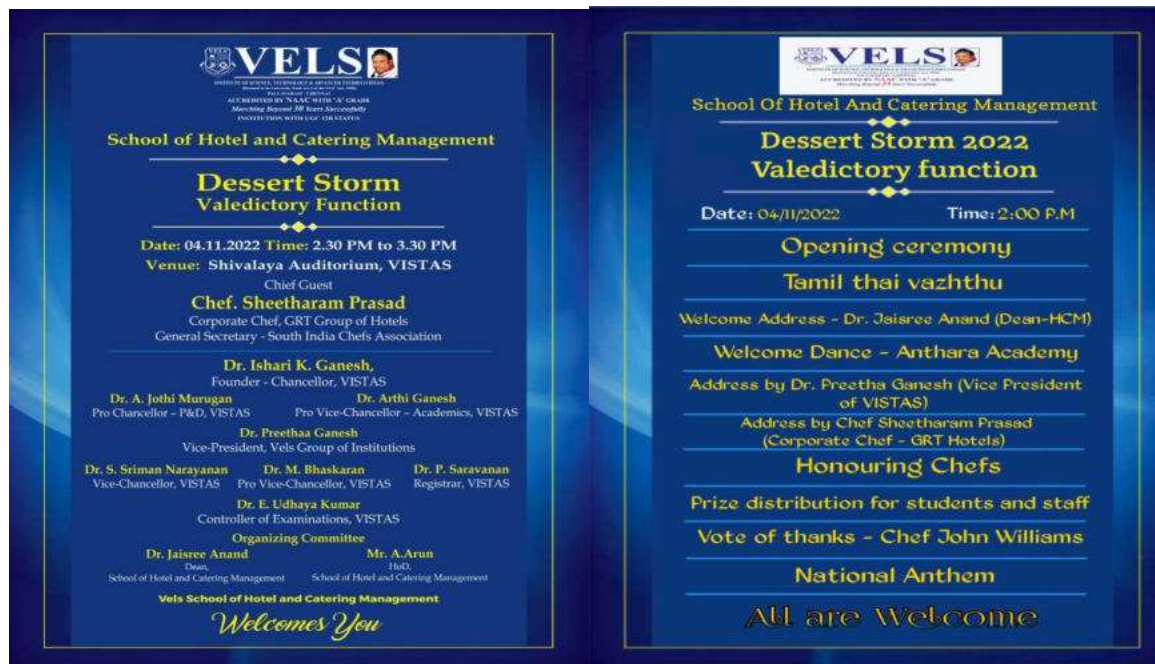

Guideline:

The desserts for the competition need to be prepared at home and brought to the tournament site for presentation to the judges.

Sponsors:

Official Radio Partner: **Radio City**

IoT end-2-end standard ecosystem

The diagram illustrates the IoT end-2-end standard ecosystem. It shows a flow from various sensors (1) through a Cloud (2) to an EDGE Gateway (3), which then connects to the Internet and various Control Devices (4). The sensors include ZigBee, Wi-Fi, Bluetooth, 4G, 5G, and Thread. The control devices include Door & window sensors, Water & flood sensors, Door locks, Outlets, Light bulbs, Garage door openers, Thermostats, Energy management, Shade controls, Motion detectors, and Security / Surveillance cameras. The system also shows a connection to the Internet, Operator head-end, NAS, PC, STB, and SmartTV. A red box highlights the 'Need of Interoperability' at the EDGE Gateway, which works with Google Assistant and Amazon Alexa.

REC Vijay Anand is presenting

The limitations of cloud based IoT deployments

Most of current IoT deployments rely exclusively on cloud computing & storage. This comes with a number of challenges

- All IoT data does not need to be transmitted to the Cloud → Waste of bandwidth
- Not ideal for critical applications involving large scale deployment → Higher latency and cost
- Most data sourced to the cloud often bears no practical value and sometimes never used → Unnecessary data storage
- Limited security measures covering end-2-end → High chances of attacks

Challenges for certain IoT applications enabled on Cloud

Latency	High
Jitter	High
Security measures	Limited
Awareness about Location	No
Vulnerability	Prono to Attacks
Interoperability	Limited Support

TITLE: Software Quality Assurance using Selenium

CredAvenue

Resource person: Mr.M.Arun
Kumar

Date:09-05-2022

Time:10:30 am to 2:00pm

Participants: Students of Department of Computer Science and Engineering.

Topics covered:

Various fields in IT industry:

There are several success stories about people who chose Information Technology as a career. Be it Steve Jobs, Bill Gates or Mark Zuckerberg, the IT sector has a long list of icons who had made their fortunes starting from scratch.

Since the genesis of humanity, *Homo sapiens* have been fascinated with creating something new. This quest of human beings has led the foundation of the discovery of these modern days' sophisticated and state-of-the-art technologies that ease out the hardships of our lives. It seems that this quest for the invention is still drawing youngsters toward the

Information Technology (IT) sector. Besides, when it comes to career prospects, techies are one of the highest-paid professionals.

- **Introduction to software testing:**

- ✓ What is testing in software industry?

Software testing is the process of evaluating and verifying that a software product or application does what it is supposed to do. The benefits of testing include preventing bugs, reducing development costs and improving performance.

- ✓ Why testing is needed for a software?

Software testing is necessary because we all make mistakes. Some of those mistakes are unimportant, but some of them are expensive or dangerous. We need to check everything and anything we produce because things can always go wrong humans make mistakes all the time.

- ✓ What is the scope in future for testing?

Software testing career Over the last few years, the profile of the software tester has seen phenomenal growth. Testing has become crucial for several application/product implementations and businesses have begun to realize the importance of structured testing of applications before their release.

In recent times, testing is seen as a good professional career for many. From being a test engineer, one can grow to become a senior test engineer, from a test lead to a test manager; or alternatively, one can become a QA lead or QA Manager. Moreover, the options available in the testing tools side are vast. There are a number of functional, performance, security testing tools besides test management tools like Quality Center from HP, CQTM from IBM etc. The growth prospects in the Software Testing domain are tremendous. As per the Gartner Forecast, the industry will be worth \$50 million with forecasted CAGR of 14 percent through 2014

- ✓ What is automation?

Automation Testing is a software testing technique that performs using special automated testing software tools to execute a test case suite. On the contrary, Manual Testing is performed by a human sitting in front of a computer carefully executing the test steps.

The automation testing software can also enter test data into the System Under Test, compare expected and actual results and generate detailed test reports. Software Test Automation demands considerable investments of money and resources.

Successive development cycles will require execution of same test suite repeatedly. Using a test automation tool, it's possible to record this test suite and re-play it as required. Once the test suite is automated, no human intervention is required. This improved ROI of Test Automation. The goal of Automation is to reduce the number of test cases to be run manually and not to eliminate Manual Testing altogether.

- ✓ What are the requirements to test a software?

Here are 7 skills that you as an automation tester must highlight in your CV.

Jump to

- Proficiency in programming languages

- Mastery of leading automation testing tools (codeless ones too)
- Experience in manual testing
- Familiarity with Agile & DevOps methodologies
- Excellent reporting, time management, analytical & communication capabilities
- Knowledge of test management tools
- Understanding of hands-on business requirements

- **Introduction to Selenium:**

Selenium is an open-source tool that automates web browsers. It provides a single interface that lets you write test scripts in programming languages like Ruby, Java, NodeJS, PHP, Perl, Python, and C#, among others. A browser-driver then executes these scripts on a browser-instance on your device (more on this in a moment).

- **Role of programming language in automation:**

Java is the commonly used programming language for Selenium across the world. There are various reasons why Java is used for Selenium.

- Java is the popularly used language in the IT industry, the Huge community promoting it along with the massive repository of references.
- About 77% of Selenium Tester is using java which makes knowledge sharing very quick and easy.
- In Java, there is an abundance of readily available frameworks, plugins, APIs and libraries that encourage Java for test automation.
- Java makes use of JVM, it is a platform-independent language. It can be used in the Operating environment where JVM is installed.
- Java is statically typed, and the Java IDEs give a set of feedback on errors that you might face while coding.

- **Hands on with selenium:**

There was a hands on session in selenium using java in which every student were provided with individual systems so that each and every student can work and gain some knowledge in selenium. In the end of the session students were able to automate a mini project on their own.

Below are the prerequisites for the Hands-On session.

1. Eclipse

2. Selenium Web Driver - Download the Stable Java Driver (Download from <https://www.selenium.dev/downloads>)

3. Latest Browser Driver - Download from the internet for respective browsers.

- **Sample images of the session:**

- **Introduction to resource person:**

Name: Arun Kumar M

Designation: Senior QA Engineer

Company: CredAvenue

Experience: Over 5 years of experience in the field of manual and automation testing.

- **Summary:**

In this session more than 80 students participated from the department of Computer Science and Engineering BE (CSE) and B.Tech (IT) . The session was organized by Vels Institute of Science , Technology and Advanced Studies (VISTAS).In this session students were taught how to install selenium and to automate a software using selenium and java. The students had a very interactive session and the Alumini inspired many students to get into the IT industry. In the end of the session students asked their own doubts regarding their career and how to start.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Report On one Day online Webinar on "An Overview of Database Management Systems"

in Association with

Computer Society of India

Date: Thursday, 12-05-2022

Time: 11.00 am to 12.00 Noon

To motivate the student learning and development by supporting students in their academic related to subject : Database Management Systems

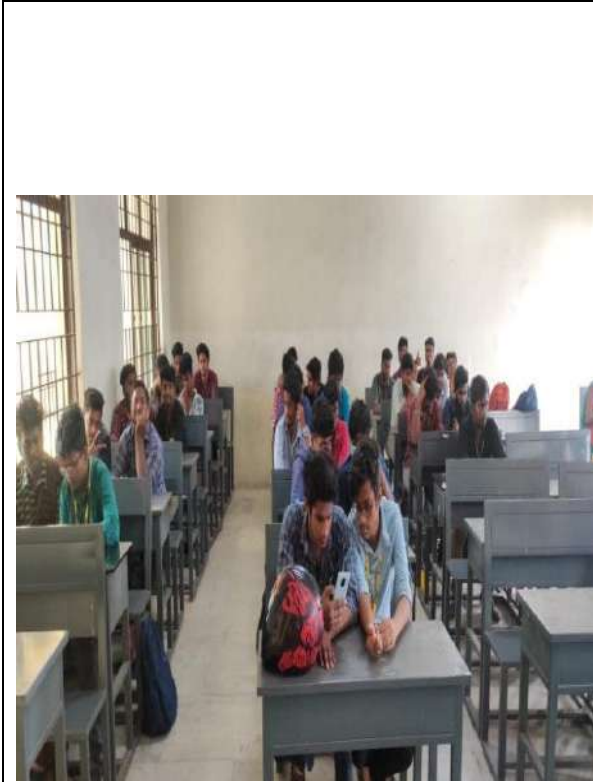

The poster is for a webinar titled 'An overview of Database Management Systems'. It features the VELS logo at the top, followed by the text 'INSTITUTE OF SCIENCE, TECHNOLOGY & ADVANCED STUDIES (VISTAS)'. Below this, it states '(Deemed to be University Estd. u/s 3 of the UGC Act, 1956) PALLAVARAM - CHENNAI'. The accreditation status is highlighted: 'ACCREDITED BY NAAC WITH 'A' GRADE' and 'Marching Beyond 30 Years Successfully'. The text 'INSTITUTION WITH UGC 12B STATUS' is also present. The poster identifies the organizing body as the 'School of Engineering' and 'Department of Computer Science & Engineering', in association with the 'Computer Society of India'. The webinar title is prominently displayed in yellow. The date and time are 'Date: 12.05.2022 Time: 11.00 am to 12.00 noon', and the participants are 'Participants: II Year UG Students'. The resource person is 'Mrs. Chinchu Nair', an Assistant Professor at M.G.R College of Engineering, Educational and Research Institute, Chennai. A portrait of Mrs. Chinchu Nair is shown. At the bottom, it mentions 'Dr. Ishari K. Ganesh, Founder - Chancellor, VISTAS'.

Report Presented by

Seminar Details

TOPIC:	A STEP TOWARDS WEB DEVELOPMENT IN INDUSTRY
About Speaker:	<p>Mrs.ChinChu Nair ASSISTANT PROFESSOR Dr.M.G.R. EDUCATIONAL AND RESEARCH INSTITUTE CHENNAI</p> <p>Featured Skills : Database,, Data structures, php/Mysql</p>
Date of event :	Thursday, 12-05-2022
Time duration -	11.00 am to 12.00 Noon
Event Report in brief :	<p>In this seminar the students acknowledged a complete knowledge of Database</p> <p>The key points that were enclosed in the seminar were:</p> <ul style="list-style-type: none"> • Sql Queries • Architecture • Mango db
Student's Feedback:	<p>In this seminar the students were introduced to topics Database management</p> <p>Students got an idea on how to deal with some very common problems related to database Queries . All the students really appreciated the contents that were discussed, they realized that interactions likes these can help them improve their learning.</p>
No. of. Student attended the session	50

Respected Sir,

Sub: Requesting Permission to conduct the **Health Awareness Program** and financial assistance - Reg

I am writing this letter to seek permission to conduct the **Health awareness program** for the students in the pandemic situation. I would like to say to you that this awareness program will bring many changes to the students. This awareness program will help the students to dispel misinformation while promoting health recommendations and medical guidelines. In this context we would like to invite **Mr. Antony Regan**, Senior Manager, 3M India Ltd to deliver lecture on **An overview of Hand Hygiene and hand washing technique** on 10/05/2022, at lecture theatre, VISTAS. For the smooth conduct of this program we request financial assistance of Rs. 3000/- (Honorarium Rs. 2000/- + TA Rs. 1000/- for the resource person).

We would request you to please accept our letter and support us to conduct this awareness program.

Thank you

Respected Sir,

Sub: Requesting Permission to conduct the **Guest Lecture**– Reg

I am writing this letter to seek permission to conduct the **Guest lecture** for the mechanical engineering students. I would like to say that this lecture will bring many changes to the students. I believe this will be a very informative lecture that students will wish to attend. In this context we would like to invite **Dr.B.Radha Krishnan**, Associate Professor, Department of Mechanical Engineering, Nadar Saraswathi College of Engineering and Technology to deliver lecture on **Alternative Fuels and Advanced Vehicles** on 10/02/2022.

We would request you to please accept our letter and support us to conduct this program.

Thank you

Yours sincerely.

Mr. T.Gopalakrishnan

**PARADIGM SHIFT IN TEACHING, LEARNING,
EVALUATION & RESEARCH IN
LEGAL EDUCATION IN INDIA**

18.07.2022 - 24.07.2022

Organized by
**SCHOOL OF LAW
VISTAS**

About the FDP

Legal education in India has undergone drastic changes in 21st century. India's role

in the globalisation of world markets and her changing position in the global order has put a greater impetus on Law Schools in the country to innovate the methods of

teaching-learning. With the onset of New Education Policy 2020 which aims to remodel India's education policy, the country is moving towards a new direction in higher education by prioritizing skill development. This demands that the higher educational institutions rise to the occasion by constantly updating and upgrading their curriculum. Law schools are at the cusp of a major overhaul of its educational system, to suit the ever-growing demands of the profession. That the very nature of law, of legal institutions and the practice of law are in the throes of a paradigm shift, the conventional methods of teaching-learning, evaluation and research in law schools has given way to novel methods of pedagogical skills that teachers constantly must try to imbibe among their pupils. It is in this context that the School of Law, VISTAS is organizing the six-day Faculty Development Programme focusing on honing essential pedagogical skills of Law School teachers in teaching, evaluation and research in law.

About VISTAS

The Vels Institute of Science, Technology and Advanced Studies (VISTAS) is a multi-disciplinary University in Chennai offering numerous UG, PG and Research programmes in Arts, Science, Humanities, Management Studies, Engineering, Law, Medicine, Dentistry, Maritime, Allied Health

Sciences, Agriculture, Ancient Indian studies etc. It was first founded as Vels College of Pharmacy in 1992 and ever since the institution has grown exponentially. In the year 2008, Vels Institution was conferred the status of deemed-to-be University and the university is supported by VAEELS Education Trust which was founded by Dr. Ishari K. Ganesh, an eminent educationist and a philanthropist, with the primary objective of transforming an individual into versatile professional and accomplished human being by developing the necessary Knowledge Skills and Attitude (KSA) and also to imbibe the passion to work towards national service and development.

About School of Law

The School of Law, VISTAS was established in the year 2015 with the objective of providing quality legal education to students blend with practical knowledge and skills that prepare the students towards a successful career in law. The School offers various Law programmes such as B.A., LL.B (Honours), B.B.A., LL.B (Honours), B.Com. LL.B (Honours), LL.B, LL.M in two branches namely i) Constitutional Law and Administrative Law and ii) Corporate and Commercial Law, and Ph. D. in Law. With a faculty strength of 45 and a student strength of 1700 on rolls, the School of Law, VISTAS has grown exponentially within seven years of its establishment. Meticulous design of the curriculum adapting to current trends of the Bar-Bench, industry and public at large, and academic planning has made the School one of the most sought-after institution among students and parents for pursuing

legal education in this part of the country. Our alumni are doing well successfully in various sectors such as Judiciary, Legal Practice, Higher Studies and Research (both in India and abroad), Teaching Profession, Corporate Sector, Law Firms, Journalism, etc. This has been made possible by the constant upgradation and updation of the curriculum and the syllabus to cater to the ever growing and ever changing needs and demands of the society at large.

Themes of FDP

1. Traits of an effective Law Teacher.
2. Embracing modern methods in Teaching Pedagogy in Law.
3. Exploring New Frontiers in Clinical Legal Education in India.
4. Contemporary Trends in Legal Research.
5. Outcome Based Education in Law and Mapping outcomes.
6. Future of Legal Education in India & Role of Law Schools.

Who can attend?

Open to participation of Faculty members & Research Scholars from Centers of Legal Education. A maximum of 100 participants will be permitted on first-cum first- serve basis. The registration link will be closed once the above limit is reached.

How to attend?

The Programme will be conducted through Cisco Webex App. Participants are asked to download the App.

REGISTRATION & PAYMENT DETAILS

Each participant shall pay a **registration fee of Rs. 500/-**

The registration fee shall be paid through **NEFT / IMPS** as per the details given below:

Account Name: Vels Institute of Science, Technology and Advanced Studies (VISTAS)

Bank: Axis Bank, Madipakkam Branch, Chennai

A/C Number: 911010014364240

Velan Nagar, P.V. Vaithiyalingam Road,
Pallavaram, Chennai – 600 117.
Website: www.velsuniv.ac.in

MOOT PROPOSITION

1. Zidia is a Country with a robust Judicial system and Constitution in force. Zidia is considered to be the 2nd largest democracy in the world with 28 states and 8 union territories. Veneto is a Zidian multinational restaurant aggregator and food delivery company founded by Moorthy Bindra and Shyam Kumar Malik in 2001. Veneto provides user reviews of restaurants as well as food delivery options from partner restaurants in selected cities. Veneto food delivery application (app) is widely sought after by all sections of society. Veneto food delivery app has earned a reasonable market share especially in urban areas.
2. Manisha is a makeup artist residing in Dulhar City, situated in Vishkota state which is one of the southern states of Zidia. Manisha has a habit of ordering food through the Veneto App and on 9th of March 2021 Manisha was very hungry, due to which she ordered food at one of the partner restaurants using the Veneto App. Vinod was the delivery partner for that particular food order whose job is to deliver as programmed by the Veneto App. The programming consists of information about the food items ordered, quantity and price along with the estimated delivery time.
3. 9th March 2021 was a rainy day and civic authorities were widely employed in cleaning the inundation and other public development work were deployed. Vinod the delivery agent from Veneto had to move through these obstacles and reached Manisha's destination 45 minutes late. After receiving the food order, Manisha refused to pay Vinod the billed amount citing delay in delivery of food. In addition, Manisha went to the extent of hurling verbal and physical abuses on Vinod, despite Vinod telling her about the difficulty in reaching the destination.
4. Vinod was repeatedly demanding the bill amount to be paid. This resulted in a scuffle between the delivery agent and the customer. During this altercation, Vinod while trying to defend himself, accidentally came in contact with Manisha's nose as she was restless and moving towards him wherein her tender nose started bleeding. Manisha's shrill resulted in neighbourhood gathering around them. The incident was later taken as a

video by Manisha and posted the same on social media. The video became viral where netizens poured out comments in support of Manisha and demanded action against both Veneto and Vinod. The incident was further telecasted on local and national news television channels leading to immense outrage in the area.

5. Veneto, in order to save their reputation immediately dismissed Vinod from delivery service without even initiating a formal enquiry. The Dulhar City police station was alerted and an FIR was lodged against Vinod under Section 504 (intentional insult) and 325 (Voluntarily Causing Grievous Hurt) of IPC without proper enquiry. Veneto office representatives further offered complete support to Manisha. A Press statement was issued by Veneto indicating that all the medical and legal expenses of Manisha would be taken care of by Veneto Ltd. Veneto office Representatives also assured that they would follow due process of law in this instant case.
6. Following all these developments, Vinod broke down and circulated his version in social media as a video which again garnered support from Netizens. In his version Vinod contended that he was termed as a “Slave” and was called other names that were irrelevant to the situation. Netizens this time demanded action against Manisha as Vinod claimed that he was falsely accused and that he was the actual victim.
7. Pending investigation, Vinod was informed that he stands dismissed from Veneto services but later after his video gained support of the netizens, Veneto made a U-turn claiming that they had not dismissed Vinod, but suspended him in due course to conduct the investigations during which he was not paid by Veneto.
8. In reality, Vinod came from a humble background and requires the daily wages to maintain his basic livelihood. Netizens in support of Manisha started bashing Vinod on one hand while the Police filed an FIR for investigation. Also due to public outrage, Veneto immediately took action against Vinod without any official investigation just to save their reputation totally against the principles of Natural Justice (Audi Alteram

Partem). Vinod's Advocate approached the Hon'ble High Court of Vishkota and filed a defamation suit against Manisha praying for a compensation of Rs.15 Lakhs for the following reasons:

1. Suffering caused among public where Vinod was made a villain for doing his job.
2. Losing his job and much needed salary to maintain his livelihood.
3. Mental Agony against so much negativity of netizens all over the internet.

Counsels (Moot Teams) may argue the following issues on behalf of the Plaintiff/ Petitioner and Defendant/Respondent.

- 1. Whether Principles of Natural Justice remain vitiated in the instant case?**
- 2. Whether the defamation suit filed before the Hon'ble High Court of Vishkota is maintainable or not?**
- 3. Whether the charges meted out against Vinod is appropriate or not?**
- 4. Whether trial by media vitiates right to privacy of individuals concerned in the instant case?**

Rules & Regulations

These rules shall be referred to as '1st The Chancellor's Trophy Intra-Collegiate Moot Court Competition 2022'.

1. DATE AND VENUE

1.1.The 1st The Chancellor's Trophy Intra-Collegiate Moot Court Competition 2022 will be held between 7th and 8th April 2022.

2. LANGUAGE

2.1.The official language of the competition shall be English and all oral and written submissions must be made only in English.

3. TEAM ELIGIBILITY AND COMPOSITION

3.1.The Competition is open only for students of School of Law, VISTAS.

3.2.Each team shall consist of a *minimum of two members and a maximum of three members*.

No team shall consist of more than three members.

3.3.In a three-member team, two participants shall be designated as speakers and one as the researcher.

3.4.The team selection is purely the choice of the students. They can choose team members from any classes.

3.5.Among the team members, one person shall be selected as Team Captain, who shall be the single point of contact for the Organising Team.

4. REGISTRATION

4.1.Participating teams must fill the e-registration form in the below mentioned link

<https://forms.gle/X7hcimL2gcxJUPY98>

4.2.Registration for the competition begins on 24.3.2022 and concludes on 31.3.2022

4.3.Upon registration, the Team Captains shall join the official Whatsapp group, the link of which is available in the Confirmation Message folder in the e-registration form. All communication regarding the competition shall be posted only on this group.

4.4.A confirmation mail will be sent by the organizers to the team captain confirming the registration with **TEAM CODE**.

4.5.Any change in the team composition should be intimated to the Organizers before the commencement of the event.

4.6.There are no registration fees.

5. MEMORIALS

5.1.Each team must prepare Memorials for both sides (1 for petitioner and 1 for respondent).

5.2.Petitioner's Memorial Submission is required to have a **blue** cover page, and Respondent's Memorial Submission is required to have a **red** cover page.

5.3.The team code allotted to all teams must be indicated at the top right corner of the memorials.

5.4.Memorials must not contain any form of identification other from the team code.

5.5.A penalty of 1 mark will be levied in memorial marks for the team that uses the wrong cover for the memorials.

5.6.The memorials shall conform to the below standards:

5.6.1. Memorials should be typed in MS Word.

5.6.2. The font and size of the text used in all parts of the written submissions (except the covers) must be in Times New Roman, size 12 with 1.5 line spacing.

5.6.3. Footnotes must be in Calibri, size 10, and single spaced.

5.7.The maximum number of pages in each Memorial shall not exceed 40 pages.

5.8.The Memorials must be submitted through email (ivmmcc@velsuniv.ac.in) in pdf format on or before 3rd April 2022. Late submission of memorials will attract a penalty of 1 mark from the memorial mark.

5.9. Memorial Structure

5.9.1. **Cover Page:** The cover page of the memorial must contain the following:

- Team Code on upper Right-hand side corner
- The Case Title
- The Party for which the Memorial has been prepared
- Colour of the cover page must be Blue in case of Petitioner/Appellant and Red in case of Defendant/ Respondent

5.9.2. The Memorial should contain

- The Table of Content
- The Index of Authorities
- The Statement of Jurisdiction
- The Statement of Facts
- The Statement of Issues
- The Summary of Arguments
- The Arguments Advanced
- The Prayer

6. STRUCTURE OF THE ORAL ROUNDS

The oral rounds shall comprise of:

6.1. Preliminary Round:

- 6.1.1. The preliminary round will be held on 7th April 2022 in the forenoon.
- 6.1.2. There will be only one preliminary round (Either Petitioner or Respondent).
- 6.1.3. Teams will argue on the opted side determined by way of draw of lots. Draw of lots for preliminary round will take place on 6th April 2022 at 2:20 pm in Moot Court Hall.
- 6.1.4. Each team will get 20 minutes to present their case which includes the time for 'rebuttal' and 'sur-rebuttal'.
- 6.1.5. The division of time between the speakers is the discretion of the team members, subject to a maximum of 10 minutes for one speaker.
- 6.1.6. Before the commencement of each round, each team shall indicate to the 'court officer' as to how they wish to allocate their 30 minutes.
- 6.1.7. The top 8 teams will be decided based on their total win points.
- 6.1.8. In case of a tie, the teams having **higher scores** in the oral rounds (**Excluding Memorial Scores**) will proceed to the Quarterfinals. If the tie continues, the team having the highest **speaker score** will be considered as being selected for the quarter finals.

6.2. Quarter-final Round:

- 6.2.1. The teams will argue for the opted side determined by way of draw of lots. Draw of lots for quarter-final round will take place on 7th April 2022 after the declaration of result of preliminary round.
- 6.2.2. Each team will get 20 minutes to present their case, which includes the time for rebuttal and sur-rebuttal.
- 6.2.3. The division of time between the speakers is the discretion of the team members, subject to a maximum of 10 minutes for one speaker.
- 6.2.4. Each team shall indicate to the 'court officer' as to how it wishes to allocate its 20 minutes.
- 6.2.5. Selection for the next round will be on **Knockout** basis. Four teams will advance to the semifinal round.

6.3. Semi-final Round:

- 6.3.1. The teams will argue for the opted side determined by way of draw of lots. Draw of lots for semi-final rounds will take place immediately after the announcement of result of quarter-final round on 7th April 2022.
- 6.3.2. Each team will get a total of 30 minutes to present their case, which includes the time for rebuttal and sur-rebuttal.
- 6.3.3. The division of time between the speakers is the discretion of the team members, subject to a maximum of 15 minutes for one speaker.
- 6.3.4. Each team shall indicate to the 'court officer' as to how it wishes to allocate its 30 minutes.
- 6.3.5. Selection for the next round will be on **Knockout** basis. Two teams will advance to the final round.

6.4. Final Round:

- 6.4.1. The teams will argue for the opted side determined by way of draw of lots. Draw of lots will take place immediately after the declaration of results of semi-final round.
- 6.4.2. Each team will get a total of 40 minutes to present their case, which includes the time for rebuttal and sur-rebuttal.

1st The Chancellor's Trophy Intra-Collegiate Moot Court Competition, 2022

- 6.4.3. The division of time between the speakers is the discretion of the team members, subject to a maximum of 20 minutes for one speaker.
- 6.4.4. Each team shall indicate to the 'court officer' as to how it wishes to allocate its 40 minutes.
- 6.4.5. The winner will be decided on **Knockout** basis.

7. AWARDS

The following awards will be awarded in the competition:

- | | | |
|------------------------------------|---|--|
| ❖ Best Team | - | The Chancellor's Rolling Trophy, Medal and e-Certificate of Appreciation |

ABOUT THE VISTAS

Vels Institute of Science, Technology & Advanced Studies (VISTAS) is one among the premier educational institutions in India. This esteemed institution was founded by Dr. Ishari K Ganesh, a visionary and an eminent educationist, in fond memory of his father Shri. Isari Velan, a former minister in the popular Govt. of Dr.MGR. Vels Group of Institutions was established in the year 1992 and granted the Deemed to be University status by the Ministry of HRD, Govt. of India in 2008, University Grant Commission (under Section 3 of UGC Act 1956). It offers courses in multiple streams over the past 25 years such as undergraduate, postgraduate and doctoral programmes in Engineering, Management, Pharmaceutical Sciences, Maritime Studies, Arts, Science and Humanities. VISTAS has been accredited with “A” grade by NAAC in its new regulation scheme and announced as mentor institution.

ABOUT THE SCHOOL OF LIFE SCIENCES

The School of Life sciences offer UG, PG, M.Phil & Ph.D programmes in Biochemistry, Microbiology, Biotechnology and Bioinformatics with excellent infrastructure facilities including well-equipped laboratories and dedicated faculty members.

DEPARTMENT OF BIOTECHNOLOGY

Department of Biotechnology at VISTAS Chennai, was established as a new academic unit under University of Madras in 2002, with the objective of integrating life sciences with engineering and to develop cutting-edge technology through research, training and technological innovation. An independent Department of Biotechnology under VISTAS was established in the year 2008. Since its inception, the department has witnessed a consistent rise in the students demand for the subject. Keeping a beat to the global demands for researchers in this field, B.Sc, Biotechnology, M.Sc Biotechnology, M.Sc Applied Medical Biotechnology and Clinical Research, M.Phil and Ph.D Biotechnology programmes are being run by the department. The department has a team of young enthusiastic and well experienced qualified faculty actively involved in research and teaching.

ABOUT THE WORKSHOP

The unemployment crisis, drought conditions, rising of unpredictable climatic condition due to environmental alteration or global warming, probably leads to economic imbalance. cultivation of mushrooms throughout the world had enhanced and established as a new source of income, to a great number of small farmers around the world.

The main reason for their interest is that mushroom crops enjoy higher profit margins and quicker returns than most other agricultural crops. in addition, their nutritional and medicinal values reported all over the world make it an important alternative source of dietary protein. moreover, the cultivation of mushrooms can be established as a small family

business and all together they can bring in important foreign exchange when exported in large quantities. large scale cultivation of

mushrooms, purification, and characterization of drug molecules from them could provide novel drugs for Cancer treatment also provide additional revenue/avenue to farmers.

OBJECTIVE OF THE PROGRAMME

Standard isolation and optimization of biomass production of the selected mushroom by using various substrates and by addition of inducers for increasing the production of mushrooms.

PROGRAMME SCHEDULE

Modules	Training Coordinator
22.02.2022	
Introduction & Isolation of Mushroom culture	Dr. P. William James EFGC Biological Farm, Chennai

Dear Sir / Madam,

Subject: Hands-On Four Hour Workshop in Cutting Edge Visual FX Technologies

The world is in the midst of a sweeping transformation: from Industrial Economy to Creative Economy, which generates wealth by harnessing intellectual labour and which is now recognized widely as a generator of jobs, wealth and cultural engagement. This compels every nation to enrich its Creative Economy — not just in technology and software, but across design, entrepreneurship, arts, culture and entertainment. As India work towards building its creative economy, numerous avenues of opportunities are open today that invites young talents. Also, such opportunities are a perfect blend of creativity and technology that will best suit engineering minds with a creative tweak.

A report by Boston Consulting Group says that India's VFX & Animation industry which has 10% share of the global market has a huge potential to scale up to 25% before the end of this decade. Although the forecast growth is extremely impressive, the key challenge is getting the right talent coupled with the right skill set.

As a pioneer in Creative Design and Media education continuously working towards the industry growth in India, we at ICAT Design and Media College feel the necessity to create awareness among the young minds on the creative technologies and the promising opportunities that the Visual Effects industry has to offer. In this regard, we extend a warm invitation to Visual Communication / Electronic Media / Fine Arts departments of selected colleges in South India to understand more in detail about the cutting edge technologies used in the Visual Effects industry. We assure that it would be an excellent opportunity for students and lecturers to interact with our Research & Development Expert in VFX & Animation during this workshop.

Considering the constraints in time and availability of qualified staff, we will be able to provide this opportunity only to few colleges on first-come-first served basis. If you are interested to have this workshop in your college, which will greatly benefit the students to become aware about the latest technologies used in the VFX industry, we request you to send us the filled-in Registration Form (herewith attached) and contact me directly at **89399 54293 (OR) email to thirumalai@icat.ac.in**

Note: The program is offered only for Final year students. The program is Free of cost.

Thanks & Best Regards

P. Thirumalaiselvan

Manager – Institutional Relations

WORKSHOP CONTENT

TOPIC	DURATION
An introduction about the market size of VFX in India	15 minutes
Various stages of creating a VFX shot like Wire Removal, Rotoscopy, Keying, Color Correction, Tracking, Crowd Simulation, Cutting Edge Compositing (GPU), De-aging, Camera Projection, Model Builder, 2D to 3D, Particle Simulator, Match Moving etc. with examples from popular films	120 minutes
An introduction to the top 10 VFX companies in India and their achievements	15 minutes
Virtual Production – The new Era in film-making	30 minutes
Guidance session on Skill-set expected by the top companies while recruiting freshers	30 minutes
Q & A session	30 minutes
TOTAL	4 Hours

Resources to be provided by your College :

1. Seminar Hall or Visual FX (Green Matte Studio) whichever is available
2. OHP with Display Screen
3. Lecturers for supervising students
4. Hardware Technician / System Administrator throughout the program

Resources to be brought by ICAT College :

1. High configuration laptop
2. Required Visual FX software
3. Presentation materials and Student demo reels

National level Virtual Workshop on **Media Research**

August 23rd, 2022 - Tuesday

School of Mass communication - Department Profile

VISTAS known for its academic brilliance and An Institute of Potential Excellence with excellent infrastructure, took its first step into the arena of visual communication, in the year 2009, offering B.Sc., Visual Communication. Department of Visual Communication comes under School of Mass communication 2010. Degree course B.Sc., Animation was formally established in 2012. M.Phil., Visual Communication was established in 2012 .M.Sc., and PhD., Visual Communication in the year 2017. Since this course encompasses highly creative and challenging fields like photography, videography, film making, multimedia, 2d Animation, 3d Animation, Vfx walls of a class room. It requires a complete technical set up of various media production. VISTAS school of mass communication, has got the state of the art audio/ video studio, wherein the students can get hands on training on all aspects of these creative fields.

வேல்ஸ் அறிவியல் தொழில்நுட்ப உயர் ஆராய்ச்சி நிறுவனம் சுற்றறிக்கை கலை இலக்கியப் போட்டிகள்

வேல்ஸ் பல்கலைக்கழகத்தின் தமிழ்த்துறை சார்பாக, “வ.உ.சிதம்பரனாரின் நூற்றாண்டுப் பொன்விழா” மற்றும் “பாரதியாரின் நினைவு நூற்றாண்டு விழா” ஆகியவற்றை முன்னிட்டு, மாணவர்களிடையே நாட்டுப் பற்றையும் மொழிப்பற்றையும் இலக்கியத்திறனையும் மேலோங்கச் செய்யும் பொருட்டுக் கலை இலக்கியப் போட்டிகள் கீழ்க்காணும் அட்டவணைப்படி நடத்தப்படவுள்ளன. தங்கள் துறையின் அறிவிப்புப் பலகையில் இதனை இடம்பெறச் செய்வதோடு, ஆர்வமுள்ள மாணவச் செல்வங்களை இப்போட்டிகளில் பங்கேற்கச் செய்யுமாறும் கேட்டுக் கொள்கிறேன்.

வ. எண்	போட்டி	போட்டித் தலைப்புகள்	நாள், நேரம்
1	பேச்சுப் போட்டி	வ.உ.சி.யின் விடுதலை வேட்கை (அல்லது) யாமறிந்த மொழிகளிலே...	29-09-2021 முற்பகல் 10.00
2	கட்டுரைப் போட்டி	கப்பலோட்டிய தமிழன் (அல்லது) பாருக்குள்ளே நல்ல நாடு	29-09-2021 பிற்பகல் 2.30 – 3.30
3	கவிதைப் போட்டி	செக்கிழுத்த செம்மல் (அல்லது) பாரதியாரின் விடுதலை	30-09-2021 முற்பகல் 10.00
4	ஒவியப் போட்டி	நாட்டுக்கு உழைத்த நல்லோர் (அல்லது) இந்தியாவின் வளர்ச்சி	30-09-2021 பிற்பகல் 2.30 – 3.30

குறிப்பு:

- போட்டிகள் நடைபெறும் இடம்: விரிவுரை அரங்கம் (Lecture Theater), டாக்டர் எம்.ஜி.ஆர்., வளாகம்
- 25-09-2021க்குள் போட்டியாளர்கள் தமது பெயர்களைப் போட்டி ஒருங்கிணைப்பாளரும் தமிழ்த்துறை உதவிப் பேராசிரியருமான முனைவர் எ.பச்சையப்பன் (78120 37141) அவர்களிடம் பதிவு செய்ய வேண்டுமெனக் கேட்டுக் கொள்ளப்படுகிறார்கள்.
- ஒவ்வொரு போட்டியிலும் முதல் மூன்று இடங்களைப் பெறும் மாணவர்களுக்குப் பரிசும் பாராட்டுச் சான்றிதழும் வழங்கப்படும்.
- ஒவ்வொரு போட்டிக்கும் கொடுக்கப்பட்டுள்ள இரண்டு தலைப்புகளுள் ஏதேனும் ஒன்றைத் தெரிவு செய்து கொள்ளவும்.
- பேச்சுப் போட்டி கால அளவு: 5 நிமிடங்கள்
- கட்டுரைகள் 4 முதல் 7 பக்கங்களுக்குள் அமைதல் வேண்டும்.

- கவிதைகள் 25 வரிகளுக்கு மிகாமல் அமைதல் வேண்டும். சொந்த படைப்பாக இருத்தல் அவசியம். கவிதை எழுதுவதற்கு ஒரு மணி நேரம் காலம் வழங்கப்படும். பிறகு அதை அவர்கள் அவையில் வாசிக்க வேண்டும்.
- ஓவியப் போட்டிக்குக் கொடுக்கப்பட்டுள்ள தலைப்பு சார்ந்த காட்சிகள் வரைதல் வேண்டும்.

SCHOOL OF LIFESCIENCES
NATIONAL WEBINAR ON “GENOMICS-CHANGING THE LANDSCAPE OF
DIAGNOSTICS”**

Date:	30-11-2021
Venue :	Sir CV Raman Block, VISTAS
Focus of the Event:	Skill development
Organizing Body:	Department of Microbiology School of Life Sciences VISTAS Chennai-600117.
Collaborators, if any	Nil
Resource Person Details	Dr. Aneesh Nair Senior Research Scientist Molecular Genomics SRL Diagnostics Global Reference Laboratory Mumbai
Total Number of Attendees :	130

EVENT REPORT

The National Webinar on “Genomics - Changing the Landscape of Diagnostics” was organized by the Department of Microbiology, School of Life Sciences at Sir CV Raman Block, VISTAS, Chennai through Zoom Platform with the link <https://us04web.zoom.us/j/73901722868?pwd=Y0FONHo3cnp1am9NZjNsZ2pCSUhVUT09>.

This webinar has given insights on the applications of Genomics and its current trends in the diagnosis sector. Over 100 participants had registered for the webinar including faculties, research scholars and students from other institutions and departments.

The session was inaugurated with Tamizh Thai Vazhthu and Dr. A.K. Kathireshan, Director, School of Life Sciences addressed the august gathering about the webinar. Dr.G.Gayathri, Associate Professor, Department of Microbiology welcomed the Chief Guest and the delegates.

Dr. Aneesh Nair, Senior Research Scientist, Molecular Genomics, SRL Diagnostics Global Reference Laboratory, Mumbai delivered an illuminating lecture on gene mutations and levels of genetic testing in diagnostic laboratories. He explained about how genome based diagnosis could be applied in health care industries and its significance as important tool for modern approaches in molecular diagnosis.

The event was hosted by Mrs. R. Vidhya, Assistant Professor, Department of Microbiology and the technical coordination and support were rendered by Mr. Allen John Henry, Dr. S. V. Rajyoganandh, Dr. T. R. Prabha and Dr. S. B. Prabha, Assistant Professors, Department of Microbiology in the successful and smooth conduct of the webinar. Dr. Suresh Dhanraj delivered the vote of thanks and the participants showed enthusiasm during the interaction session for queries. Feedback was obtained from all the registered participants and e-certificates were provided to them.

EVENT REPORT

The National Webinar on “Career opportunities for Microbiologists in Pharmaceutical Industry” was organized by the Department of Microbiology, School of Life Sciences at Sir CV Raman Block, VISTAS, Chennai through Google meet link–

<https://drive.google.com/file/d/110Eo47a26NhhdPurkSzUG1rVujkIT4Rv/view>

This webinar has given perceptions on the Career opportunities for Microbiologists especially in Pharmaceutical industries. Over 100 participants had registered for the webinar including faculties, research scholars and students from other institutions and departments.

The session was inaugurated with Tamizh Thai Vazhthu and Dr. A.K. Kathireshan, Director, School of Life Sciences addressed the august gathering about the scope of Microbiology to the student community. Dr.Suresh Dhanaraj, Associate Professor, Department of Microbiology welcomed the Chief Guest and the delegates.

Dr. A.M. Ramachandran, Associate Professor, Department of Microbiology, NGP Arts and Science College, Coimbatore delivered an enlightening lecture on career opportunities available in pharma industries, different levels of works and Career growth in the pharma industries.

The event was hosted by Mrs. R. Vidhya, Assistant Professor, Department of Microbiology and the technical coordination and support were rendered by Mr. Allen John Henry, Dr. S. V. Rajyoganandh, Dr. T. R. Prabha and Dr. S. B. Prabha, Assistant Professors, Department of Microbiology in the successful and smooth conduct of the webinar. Dr. G. Gayathri, Associate Professor has delivered the vote of thanks and the participants showed enthusiasm during the interaction session for queries. Feedback was obtained from all the registered participants and e-certificates were provided to them.

EVENT REPORT

The School of Life Sciences and School of Basic Sciences jointly celebrated Teacher's Day on 09/09/2022 at Pharmacy Conference Hall, VISTAS, based on a theme "Higher Education on sustainable development".

This seminar has given insights on the role of University Teachers on imparting quality education to the students' community. The Chief Guest insisted all the faculty to do research along with their teaching. Also he informed that the research creates new knowledge and confers good status among the learned people. Over 70 faculty from the school of Basic & Life Sciences and other schools participated in this event.

The session was inaugurated with Tamizh Thai Vazhthu and Dr. R.A. Kalaivani, Dean, School of Basic Sciences welcomed the delegates and introduced the Chief Guest Dr. N. Mathivanan.

The event was hosted by Dr. G. Gayathri, Associate Professor and Mrs. R. Vidhya, Assistant Professor, Department of Microbiology and the technical coordination and support were rendered by Dr. Suresh Dhanaraj, Professor, Dr. S. B. Prabha, Assistant Professor, Department of Microbiology in the successful and smooth conduct of the event.

Dr. A. K. Kathiresan, Director, School of Life Sciences delivered the vote of thanks and the participants showed enthusiasm during the interaction session for queries.

PARTICIPANTS LIST

S.No.	Full Name	Department
1.	Dr. G. Gayathri	Microbiology

ONE DAY VIRTUAL WEBINAR

Title: Andrographis Paniculata: Formulation techniques and its application

Resource Person

Ms. Subashini Raman, M. Pharm.,

Technical Specialist,

University Sains Malaysia (USM).

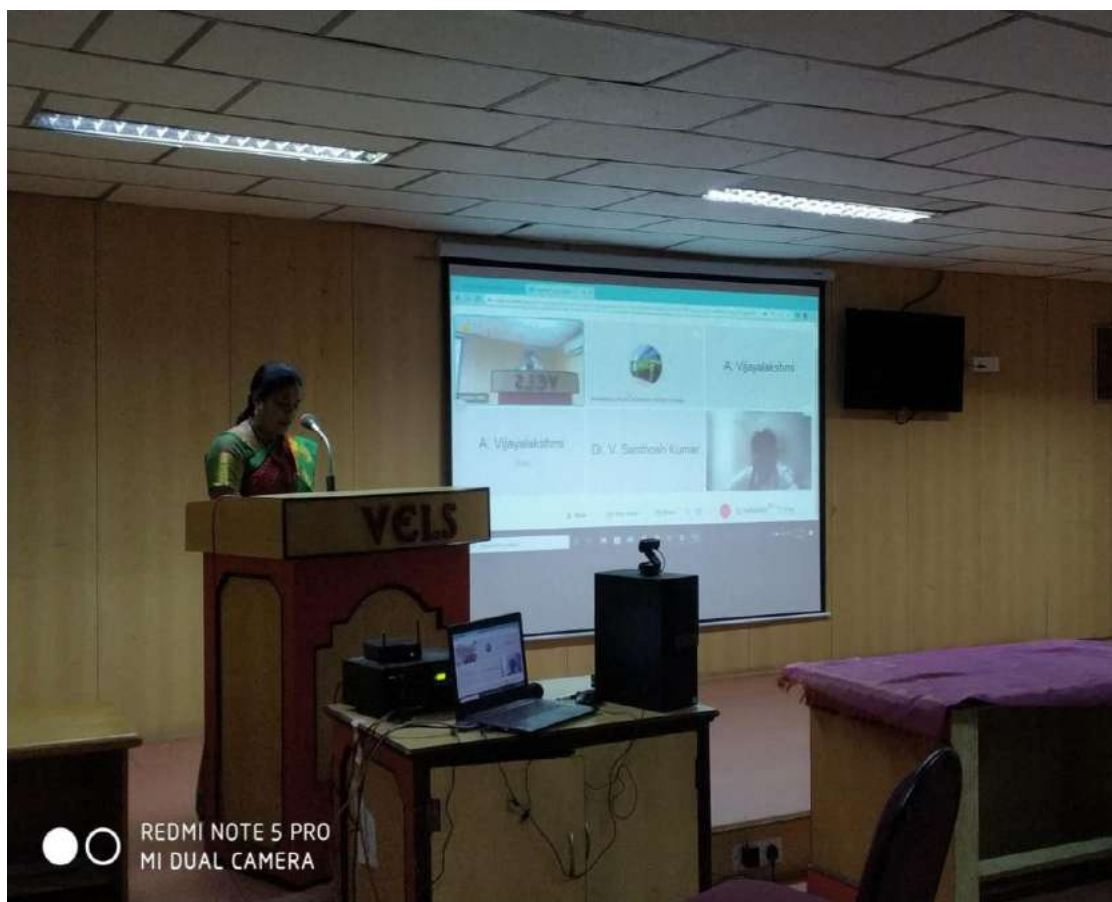

Penang, Malaysia.

The virtual webinar was organised by the Department of Pharmacognosy and Pharmacology on 12th March 2022 @ 11.00 AM in a Hybrid mode in Pharmacy Conference Hall, on the title “*Andrographis Paniculata: Formulation techniques and its application*”. Around 75 Final B. Pharm students, HoD’s and Faculties of School of Pharmaceutical Sciences participated in the event.

The programme started with Tamizh thai vazhthu, Dr. P. Shanmugasundaram, Director, School of Pharmaceutical Sciences, addressed to participants with short welcoming speech, followed by key note address by Dr. Ronald Darwin, Head, Dept. of Pharmacology. Dr. A. Vijayalakshmi, Associate Professor, Dept. of Pharmacognosy, introduces the speaker followed by the resource person addressing the gathering with her intensified presentation.

The speaker Ms. Subashini Raman, M. Pharm., Technical Specialist, University Sains Malaysia (USM). Penang, Malaysia, addressed an overview on the types of formulation techniques for the development of *Andrographis Paniculata* with a detailed note on the application of nanoformulation viz., polymeric nanoparticles, silver nanoparticles, gold nanoparticles, niosomes, hydrogels, nanocrystals etc.

The programme was concluded with the vote of thanks by Dr. S. Jayakumari, Head, Dept. of Pharmacognosy. The students and faculties interacted with the resource person by raising questions and the speaker enlightened the students by clarifying their doubts.

SUMMARY REPORT

Department of Pharmacognosy was organized the webinar on 11.02.2022 at 10.30 am as part department activities. It was conducted through online mode – WEBEX PLATFORM

THE WEBEX LINK

<https://velsuniv.webex.com/velsuniv/j.php?MTID=m7bcc8c10d2f098f0f4bc49bff534f898>

Friday, Feb 11, 2022 10:00 am | 3 hours | (UTC+05:30) Chennai, Kolkata, Mumbai, New Delhi

Meeting number: 2642 413 2704

Password: 1234

It was started with prayer song, welcome address delivered by Director, School of Pharmaceutical Sciences, followed by introductory note by Dr.A.Vijayalakshmi. Associate Professor, Dept of Pharmacognosy

The lecture was given by an expert and expertise person Dr.G.Jayabalan, M.Pharm., Ph.D. Principal, Alwar College of Pharmacy, Alwar.

Rajasthan on the topic “ **Healing Herbs in Traditional Indian Systems of Medicine - A Overview** ”

The speaker of the webinar

Dr.G.Jayabalan, M.Pharm., Ph.D.

Principal

Professor, Department of Pharmacognosy .

Former Dean, Faculty of Pharmacy ,

Rajasthan University of Health Sciences,

Jaipur

Alwar College of Pharmacy, Alwar.

Rajasthan

The session was very informative. It was started with different systems of Traditional Medicine and its uses. He also delivered GMP Guidelines for herbal drugs and focused on Schedule T, Pharmacovigilance WHO Guidelines. He also spoke about the holistic approach about herbal medicine.

Akhil Mon, NAOE 07

TECHFEST 2022

TECHNICAL – QUIZ

Topic: Maritime - Basics

Rules and Regulations:

- A team of two members can participate
- Registrations Mandatory – Closes on 2nd May 2022
- Based on registrations lot will be made for all the rounds
- All the rounds are one team vs one team
- Winners will be decided on best of 5 questions
- The wrong answer given will automatically award the point to the opponent team
- Quiz master decision is final

Date & Time: 05-May-2022 10.00 AM

Place: Ship Design Drawing Hall,
Dept of Naval Architecture & Offshore Engg
(Dental Campus Third Floor)

Prize:

Cash Prize, Individual Memento

Participation certificate will be provided for the participants

Event Co-Ordinator: **Mr. R. Prabu**, *Lecturer*
Marine Engineering

Registration opens on : 27-04-2022

Registration Closes on : 02-05-2022

Registration Link: <https://forms.gle/qrQRTaiL3nd8wgBF6>

TECHFEST 2022

CREATIVE DRAWING

Topic: ON SPOT

Rules and Regulations:

- Individual participation
- Registrations Mandatory – Closes on 2nd May 2022
- Singles round – total time **60 mins**
- Winners will be decided on their creativity in drawing
- Panel members decision is final

Note: The participant has to bring their own drawing things and colorings only drawing chart will be provided

Date & Time: 05-May-2022 11:15 AM

Place: Ship Design Drawing Hall,
Dept of Naval Architecture & Offshore Engg
(Dental Campus Third Floor)

Prize:

Cash Prize, Individual Memento

Participation certificate will be provided for the participants

Event Co-Ordinator: **Mr. J. Jagan, Lecturer**
Maritime Operations

Registration opens on : 27-04-2022

Registration Closes on : 02-05-2022

Registration Link: <https://forms.gle/kGXbwioaLXFnuFd7A>

TECHFEST 2022

TECHNICAL PRESENTATION

TOPIC: NOVELTY IN MARITIME INDUSTRY

Rules and Regulations:

- Individual participation
- Registrations Mandatory – Closes on 2nd May 2022
- Singles round – **Time 4 Mins Max PPT + 2 Mins** Discussion
- Winners will be decided upon their presentation skill and content delivery
- Panel members decision is the final

Date & Time: 05-May-2022 01:30 PM

Place: Seminar Hall, School of Maritime Studies

Prize:

Cash Prize, Individual Memento

Participation certificate will be provided for the participants

Event Co-Ordinator: **Mr. R. Rajapriyan, Lecturer**
Nautical Science

Registration opens on : 27-04-2022

Registration Closes on : 02-05-2022

Registration Link: <https://forms.gle/o8pSUScZZAPvj8Lv8>

TECHFEST 2022

ABOUT VISTAS

Vels Institute of Science, Technology & Advanced Studies (VISTAS) is one among the premier educational institutions in India founded by Dr. Ishari K Ganesh, a visionary and an eminent educationist, in fond memory of his father Shri. Isari Velan, a former minister in the popular Govt. of Dr. MGR. Vels group of Institutions was established in the year 1992 and granted Deemed to be University status by the Ministry of HRD, Govt. of India in 2008 (Under Section 3 of UGC Act 1956) and now running 30 educational institutions. This esteemed institution offers courses in multiple streams over the last 30 years such as undergraduate, postgraduate and doctoral programmes in Medicine, Engineering, Management, Pharmaceutical Sciences, Maritime studies, Science and Humanities. VISTAS has been accredited with "A" grade by NAAC in its new regulation scheme and announced as mentor institution.

An Institute of Potential Excellence

It is a pleasure to notice that VISTAS presents a cosmopolitan culture. Students from a wide variety of social, cultural and geographical backgrounds live and study together at VISTAS. The students are shaped and fine-tuned as per the requirements of global industries. The environment-friendly Green campus is equipped with all facilities, where every need of both student and faculty have been provided for.

To promote a student-friendly learning environment, the University is following the semester pattern and choice based credit system for all its academic programme both at the undergraduate and post graduate levels. The system is expected to promote multipoint entry and flexibility to suit the needs of individual learners. The programmes offered are approved by AICTE and other statutory bodies such as Pharmacy Council of India, Indian Association of Physiotherapists and Director General of Shipping.

The pride of VISTAS is its' Computing Centre, sophisticated Central Instrumentation Laboratory, well-furnished class rooms along with Wi-Fi internet facilities. The strength of the University can be attributed to the commitment and determination of the President/Chancellor and his team of distinguished educators and dedicated students.

ABOUT THE DEPARTMENT OF CHEMISTRY

The Department of Chemistry is one of the earliest department to be established in the year of 2003 under the Vels College of Science, affiliated to University of Madras. In the year of 2008, the college has got Deemed University status and the Department started functioning under School of Basic Sciences, VISTAS. The Department offers B.Sc Chemistry, M.Sc Chemistry, M.Sc Pharmaceutical and Analytical Chemistry, M.Sc Organic Chemistry and M.Sc Industrial Chemistry and Management and also offers research programmes in M.Phil and Ph.D on a full-time/part time basis. In addition, the department provides add on course in Diploma in Green Chemistry and value added course in Certificate in Water Analysis.

The main thrust areas of research being inorganic materials, analytical chemistry, bio-inorganic chemistry, bio-organic chemistry, synthetic organic chemistry, photochemistry, polymer science, homogeneous and heterogeneous catalysis, green chemistry and nanomaterials (graphene, carbon nanotubes, etc). This department has received funds to a tune of Rs. 2.85 Crores from various funding agencies, SERB-DST, MES, DRDO, AYUSH, MNRE, etc. In addition the VISTAS has also sanctioned a special grant of Rs. 10.0 Crores for the development of the Central Instrumentation Laboratory (CIL). The faculty members of the department have been published more than 275 research articles in the peer reviewed journals and also have taken more than 12 patents.

The department has taken initiation to undertake many collaborative research work, MoU's and Consultancy Services. The department is proud of its Alumni in various spheres of learning and research both Nationally and Internationally. The department has excellent working culture and research facilities includes UV-Vis spectrophotometer, Electrochemical Work Station, Battery Tester, Impedance Analyzer. Additional characterization facilities such as XRD, FESEM, BET Surface Area Analyzer, Particles Size and Zeta Potential Analyzer, HPLC, AFM, Raman Spectrophotometer, TGA-DTA & DSC etc can also be availed from Central Instrumentation Facilities, VISTAS.

About STSD 2022

It is our great pleasure to welcome you to the National Conference on Science & Technology for Sustainable Development (STSD), under the National Science Day 2022 theme: "Integrated Approach in S & T for Sustainable Future". Research and Development play a critical role in the innovation process. It's essentially an investment in technology and future capabilities that is transformed into new products, processes, and services. Meeting sustainable development goals requires action on several fronts, including harnessing and maximizing the potential of technological innovation.

Science, technology, and innovation have instrumental and intrinsic value for society. They are key drivers of economic performance and social well-being. But they are also important for deeper reasons: a scientific temper, with its spirit of enquiry, the primacy accorded to facts and evidence, the ability to

challenge the status quo, the adherence to norms of discourse and the elevation of doubt and openness. Innovations in science and technology are integral to the long-term growth and dynamism of any nation. The pursuit of science also creates a spirit of enquiry and discourse which are critical to modern, open, democratic societies. Historically, India can point to many contributions to global scientific knowledge and technological achievement. However, India under-spends on research and development (R&D), even relative to its level of development. A doubling of R&D spending is necessary and much of the increase should come from the private sector and universities.

The conference also provides a premier interdisciplinary platform for discussing the most recent innovations, trends, and concerns, as well as practical solutions that address several challenges significant for sustainable development.

VISTAS heartily welcomes researchers, academicians students and professionals to acquire and share the trending approaches pertinent to the conference theme. The organizing committee is confident that participants will benefit from the high value scientific programme.

CALL FOR PAPERS/POSTERS

The abstracts are invited for both paper and poster presentation from Students, Research scholars, Faculty and the scientists on thrust areas. The scientific advisory committee reserves the right to select the scientific papers for presentation.

GUIDELINES FOR ABSTRACT SUBMISSION

- The participants are requested to send the abstracts, not exceeding 250 words (excluding title and address) typed in MS word with Times New Roman and font size 12 on or before 27th April 2022
 - The acceptance of the paper will be intimated through email on or before April 30, 2022.
 - Kindly email abstracts to: velschemistryevents@gmail.com
- *Selected papers will be published in an edited book with ISBN number and authors have to pay an additional amount of Rs. 300.**

THEMES OF THE CONFERENCE

- Bio-fuels
- Greener synthesis routes
- Catalysis
- Nanomaterials for Sustainable Energy and Environmental Remediation
- Environment and energy conservation
- Energy, water, recycling, waste management
- Sustainable development approaches and methods
- Waste Plastics into Fuel, Energy and Chemicals
- Greenhouse Integrated Photovoltaic System
- Techniques for Sustainable Processing of Natural Resources
- Biomass Energy and Biomass as a Clean Renewable Fuel

Through proper channel

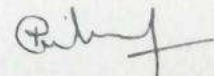

Respected sir,

Sub: Requesting permission and remuneration for Guest lecture-Reg.

We would like to inform you that a guest lecture is planned to organize in the Department of Mechanical Engineering in the title "Cross functional opportunities" presented by Mr.S.Swaminathan, Senior Associate, Cognizant(CTS), Chennai scheduled on 23.04.2022 at 10.30am in lecture theatre (MGR block). I request you to kindly give permission for conducting this event and provide remuneration of Rs.3000/- (Honorarium Rs 2000 + Travel convenience allowance Rs 1000) for the resource person. /A

Thanking You

Yours faithfully

(Dr.T.VINOD KUMAR)

ABOUT VISTAS

Vels Institute of Science, Technology & Advanced Studies (VISTAS) is one among the premier educational institutions in India founded by Dr. Ishari K Ganesh, a visionary and an eminent educationist, in fond memory of his father Shri. Isari Velan, a former minister in the popular Govt. of Dr. MGR. Vels group of institutions was established in the year 1992 and granted Deemed to be University status by the Ministry of HRD, Govt. of India in 2008 (Under Sec 3 of UGC Act 1956) and now running 30 educational institutions. This esteemed institution offers courses in multiple streams over the last 25 years such as undergraduate, postgraduate and doctoral programmes in Medicine, Engineering, Management, Pharmaceutical Sciences, Maritime studies, Science and Humanities. VISTAS has been accredited with "A" grade by NAAC in its new regulation scheme and announced as mentor institution.

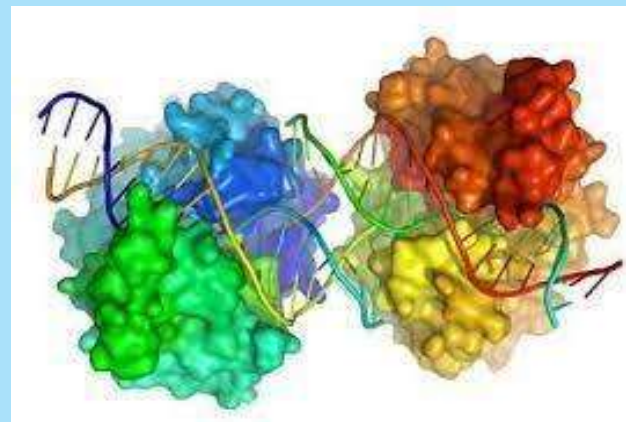

ABOUT THE DEPARTMENT

Department of Bio-Engineering under the School of Engineering was started in the year 2015. Department offers Undergraduate and Ph.D. Programme which undergoes various funded research projects. The department has well equipped laboratories for advanced research facilities in the areas of Biotechnology. The thrust areas of research include Molecular Biology, Drug discovery and Development, Bioprocess Technology and Environmental Biology.

ABOUT THE CONFERENCE

The conference aims to provide global virtual platform for discussing the new area of research and innovations in the field of Biotechnology. It covers the process of developing medicinally valuable compounds; modify hereditary traits of plants and animals, identification of new class of drugs, techniques to diagnose diseases and the treatment methodologies, development of recombinant proteins and all aspects of Environmental Remediation. It also provides a premier interdisciplinary platform for researchers, practitioners, and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Biotechnology. This forum will provide expression of innovative ideas, novel thoughts and research expression as oral presentation where there is freedom to discuss, debate and defend their findings to benefit all the concerned.

Themes to discuss:

- Animal and Plant Sciences
- Biomaterials & Bioenergy
- Biophysics
- Bioprocess Technology
- Biotechnology in health care
- Chemical Reaction Engineering
- Computational Biology
- Drug Discovery and Development
- Environmental Biotechnology
- Genetic Engineering and Recombinant DNA Technology
- Intellectual Property Rights and Patents
- Bioentrepreneurship and innovative ideas
- Marine Biotechnology
- Medical Microbiology and Pathology
- Microbial biotechnology
- Mycology
- Nanotechnology
- Renewable and Nonrenewable energy
- Tissue Engineering

Recording and storage of laboratory data

The content of the SOP(s) has to be in accordance with requirements of 6.6, and should describe what data should be recorded and reported, and where and how long this data should be retained. The responsibility for the integrity of retained records and relevant raw data should be assigned. See 6.13 when establishing retention times. When managing electronic data, systems should be appropriately validated (see the current GAMP® Guide for Validation of Automated Systems in Pharmaceutical Manufacturing for reference and <http://www.labcoppliance.com>).

In order to check the specifications, sampling plans and test procedures for raw materials and intermediates, only selected parameters need to be tested. Sometimes one test method can provide enough information (e.g. an HPLC method may be at the same time an identification, purity and impurity method). The detection and quantification limits and precision of the methods used should be in accordance with the specification levels.

Quality Control

Quality Control

The Quality Unit is responsible for reviewing and approving sampling procedures, but sampling may be carried out by people from other departments provided they have been appropriately trained.

When appropriate there can be "in-house" specifications in addition to those in the registration file.

When establishing API specifications the following guidelines/documents should be taken into account:

- ICH Q5A: Specifications: Test Procedures and Acceptance Criteria for New Drug Substances and New Drug Products: Chemical Substances.

PROGRAM SCHEDULE		
2.30 - 2.35 PM	Prayer	
2.35 - 2.40 PM	Welcome Address	Dr. P Shanmugasundaram, Director
2.40 - 2.45 PM	Introducing Chief Guest	Dr. R.Gandhimathi Professor
2.45 - 3.25 PM	Lecture on Internet of Things: A promise to smart Health care	Dr. Arifa Begum SK Principal and Academic Incharge Bharat Institute of Technology -Pharmacy Mangapally, Ibrahimpatnam, Hyderabad
3.25 - 03.30 PM	Vote of Thanks	Dr. M Sumithra, Associate Professor

Smart health care makes use of the devices/APPS etc

SMART Health -technology - enables innovators to create apps-healthcare system. Makes use of electronic health record (EHR) system or data warehouse

AIM:

- To support the SMART standards of patients, doctors, and healthcare practitioners
- To improve clinical care, research, and public health.
- To improve diagnostic tools and treatment
- To improve the quality of everyone

Helps in disease diagnosis and improve the risk factor identification

Internet of things (IoT) is a network connectivity and a key component for the smart health care.

Network connectivity is obtained by coupling the physical devices with sensors, software's and actuators which enables to gather the data and transform it into useful signals.

35°C Sunny 14:45 21-10-2022

Use of Machine Learning (ML) in medicine

- Traditional drug discovery system requires nearly 12-15 years of trial and research, which causes delay in the final delivery of the drug.
- This delay can be minimized by using existing research data combined with machine learning algorithms.
- Machine learning in healthcare can boost pharmaceutical research in the following ways:
 - Using clinical data and molecular research, predictive modelling can help in understanding potential-candidate molecules that have the high probability of being successfully developed into drugs
 - Using predictive modelling helps eliminate the overall cost and time required for trial and monitor processes usually seen in drug discovery
 - Monitoring live data from patients and feeding it directly into the system helps the model to adapt to the ever-changing patient's medical history

**VELS INSTITUTE OF SCIENCE TECHNOLOGY AND ADVANCED STUDIES
SCHOOL OF HOTEL AND CATERING MANAGEMENT**

WORKSHOP REPORT

Title : FoSTac Training in Advance Catering with Covid Guidelines
Level-02.
“FOOD SAFETY CERTIFICATE WORKSHOP (FSSAI)”

Date : 29th August 2022.

In Collaboration : National Agro Foundation NAF R&D Centre, Anna University,
Chennai-600113

Venue: : “OBEROI BLOCK” BTR, School of HCM, VISTAS, Pallavaram
Chennai-600117.

The FSSAI is responsible for setting standards for food so that there is one body to deal with and no confusion in the minds of consumers, traders, manufactures, and investors. Ministry of health & Family welfare, government of India is the administrative ministry of food safety and standards authority of India. The following are the statutory powers that the FSS Act, 2006 gives to the Food Safety and Standards Authority of India (FSSAI).

The program is based on food safety rules and regulations to be followed in the industry. It highlighted the importance of hygiene and cleanliness that should be ensured in food handling industry. This program provides registered participants a unique advantage of working in a wide variety of fields which includes star hotels, cruise line (ship) catering, flight catering service.

The Workshop Outcome:

- Enabling students to have a clear understanding on the regulations and food standards
- To regulate the manufacture, storage, distribution, import and sale of food.
- To facilitate the safety of food.
- Students received the FSSAI approved certificate

It was a great learning exposure for students where they got to know more about safe food handling practices.

5 Days Faculty Development Programme on

Pedagogy about Software Developments in Mathematics

From 18.04.2022 to 22.04.2022, Time: 3:00 PM

Day: 1 (18.04.2022 Monday)

"Introduction to Data Analysis through R"

Dr. G.K. Revathi,

Assistant Professor,
Mathematics Division,
School of Advanced Sciences,
VIT University,
Chennai.

Day: 2 (19.04.2022 Tuesday)

"Understanding Calculus through MATLAB"

Dr. A. David Maxim Gururaj,

Associate Professor,
Mathematics Division,
School of Advanced Sciences,
VIT University,
Chennai.

Day: 3 (20.04.2022 Wednesday)

"Mathematics behind Algorithms"

Dr. P. Ragukumar

Assistant Professor (Senior Grade),
Department of Mathematics,
School of Advanced Sciences,
VIT University,
Vellore.

Day: 4 (21.04.2022 Thursday)

"Computing ODE Using R Programming"

Dr. M. Gilbert Rani,

Assistant Professor,
Department of Mathematics,
Arul Anandar College (Autonomous),
Karumathur,
Madurai.

Day: 5 (22.04.2022 Friday)

"Digital and Online Learning Tool for Teaching Mathematics"

Dr. K. Samuel Johnson

Assistant Director,
Centre for Teaching and Learning,
VIT University,
Andhra Pradesh.
