

# Cambridge Linguaskill Training

A Two-Day Faculty Training program on Cambridge Linguaskill by Mr. Prince Harold on 13<sup>th</sup> and 14<sup>th</sup> May 2025. A comprehensive, hands-on workshop designed for educators to master the AI-powered, computer-adaptive Cambridge English assessment. Participants will learn test administration, reporting, and CEFR-aligned score interpretation across reading, writing, listening, and speaking modules. By the end of this intensive program, faculty will confidently set up and proctor Linguaskill sessions, analyze detailed performance reports, and integrate test insights into teaching strategies—empowering both educators and students to enhance language proficiency and academic readiness.

This emphasizes the workshop's structure, key outcomes, and relevance, while remaining concise, informative, and engaging
