

PLACEMENT ORIENTATION PROGRAM FOR COMPUTING SCIENCE STUDENTS

A **placement orientation program** was conducted for **Computing Science students** from **3rd to 7th February 2025**, led by **Dr. N. Vanathi**, as part of the university's placement preparedness initiative. The session was specifically designed to offer **insights into the job market and placement opportunities** relevant to the computing domain.

Dr. Vanathi provided valuable guidance on current industry expectations, emerging trends in the IT sector, and the essential skills required for success in campus recruitment. The orientation helped students gain a clearer understanding of how to approach the placement process with focus and confidence.
