

SOFT SKILLS TRAINING BY MAGIC BUS FOR FINAL-YEAR STUDENTS

As part of the holistic development and placement readiness initiative, **Magic Bus**, a reputed external training organization, conducted **soft skills training programs** for **final-year students** in two separate slots. The first session was held from **29th January to 5th February 2025**, training a total of **1,142 students**, followed by the second session from **6th February to 14th February 2025**, benefiting **788 students**.

The program focused on imparting essential **soft skills such as communication, teamwork, problem-solving, and workplace etiquette**, equipping students with the interpersonal competencies required for successful career transitions. These sessions were impactful and well-received, highlighting the university's commitment to preparing students for the professional world beyond academics.
