DOCTOR'S DAY

July -01 -2022

National Doctor's day is celebrated on July 1 every year to pay tribute to the white coat heroes. A day to recognise the meticulous and selfless dedication of Doctors in saving lives.

Going back to the history National Doctor's day is celebrated in memory of Dr. Bidhan Chandra Roy, a physician, philanthropist and the second Chief Minister of West Bengal for his remarkable contribution to the field of medicine. Hence The Indian Medical Association (IMA) observes this day as the National Doctor's day.

The COVID Pandemic has emphasized the global need for better health care systems. Doctors play a crucial role in the health care sector risking their lives, A doctor's work can be extremely rewarding , but it can also be extremely challenging.

As little step to honour their significance Pharm. D Interns shared the Joy with greetings and sweets to the Doctors at ESI Hospital, Ayanavaram and Egmore City Police hospital. Doctors also clicked pictures with slogans prepared by the students.
