

World Nurses Day 2022

International Nurses Day is celebrated around the world every May 12, as the anniversary of Florence Nightingale's birth.

On 12th May 2022, Pharm.D Interns of School of Pharmaceutical Sciences VISTAS shared a small token of love to the Nursing Faculty in ESI hospital, Ayanavaram to honour the impeccable efforts in serving the society amidst the threat of a deadly pandemic and their dedication as a frontline warrior.

Students distributed self-designed bookmarks with Nurses day greetings along with sweets and few goodies. All of them were delighted and enthusiastically clicked pictures with the students to make a memory of the special occasion

Student Coordinators: Abel Joe Jacob.J, Athi Nandhini.U, Gowsalya.K, Gadi Anusruthi, Ajith.T, Azhagesh.K, Shree Raam.J, Syed Fadil Mohammed, Shalini.P, Priyadharshini.C, Monish.R, Pavitra Devi.M, Padmavinodhini.S
